

FLUSHE 2.0 1100MM DOUBLE SIDED FRAMED CISTERN WITH FRONT FLUSH

Product Code: FL2028

DESCRIPTION

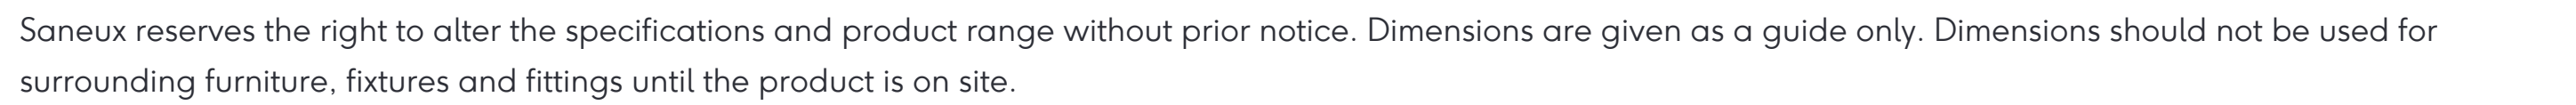

FLUSHE 2.0 is our collection of framed and concealed cisterns, flush plates, and flush buttons. They feature Fluidmaster internals which are WRAS approved, giving you peace of mind that they will not contaminate the water.

This FLUSHE 2.0 1100mm double sided framed concealed cistern has two cisterns together so that if you have back to back ensuites or bathrooms, you can install the frame on one wall to hold two toilets. They have a front mechanical flush only as the cisterns are slim in design with each one having a depth of only 9-12cm, allowing it to be fitted in smaller spaces. It is best suited to work with our wall mounted WCs as the frames provide support.

Pair it with our selection of flush plates within the same FLUSHE 2.0 range.

PRODUCT INFORMATION

Finish:	Grey , Matte Black, Grey
Height:	1100mm
Width:	500mm
Depth:	250mm
Material	Galvanized Steel
