Compatible Toilet Seat(s)	60633
Compatible Cistern(s)	FL2022, FL2024, FL2026, FL2028, HC2036, HC2037, HC2030
Type of Flushing	Rimless technology

DESCRIPTION

Space saving innovation perfectly defines I-LINE in every sense.

The 60637 rimless back to wall WC pan is ideal for small bathrooms because of it's short projection at only 48cm. Featuring a rimless flush, this modern function coincides with it's modern design with it's sleek and sharp edges.

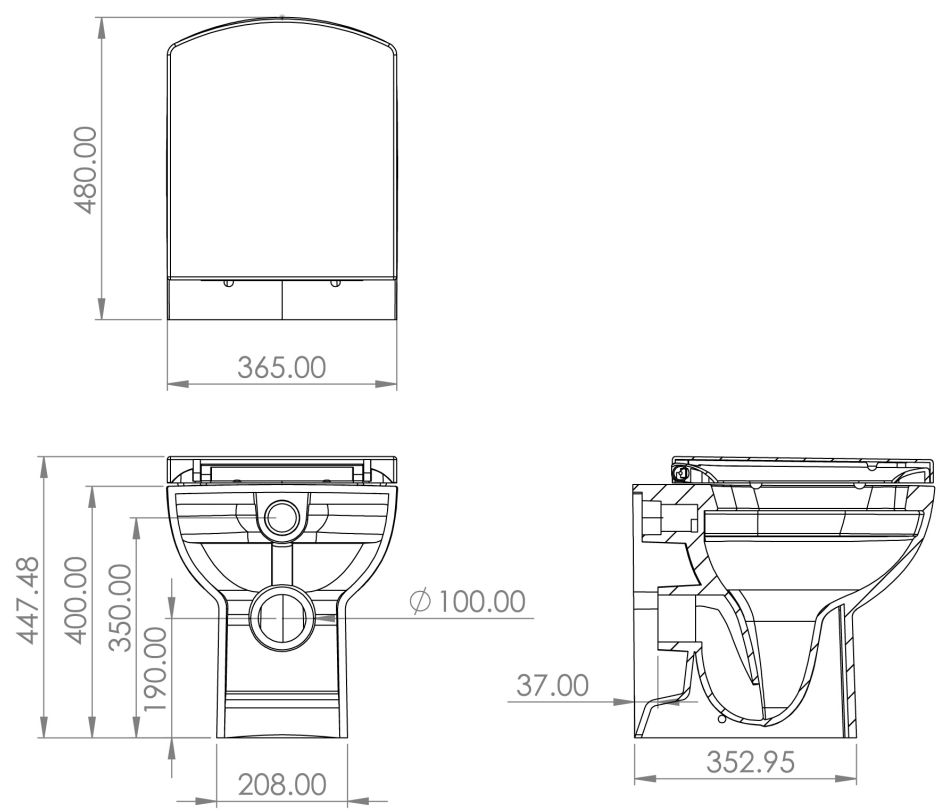

Create a tidy bathroom space and opt for a back to wall pan; you can hide the cistern by having it built into the wall or a WC unit as well as save on floor space.

*Seat sold separately
Compatible seat: 60633

For optimal performance, we recommend pairing back to wall rimless pans with a high-level concealed cistern set at 6/3lt flushing.

See our FLUSHE 2.0 range for compatible WRAS approved concealed cisterns.
