DESCRIPTION

Inspired by Scandinavian influences and classic Italian style, FRONTIER is our minimalist & luxurious furniture collection.

The FRONTIER electric mirror has a beautiful curved design that allows it to be paired with a variety of our collections of furniture. Features include an LED light around the perimeter of the mirror which can change colour via the touch sensor button, and a demister pad.

This FRONTIER 60cm electric mirror can be paired with any 60cm washbasins & vanity units of ours, in particular our HYDE or INDIGO collections as they too have a similar curved design which will suit the FRONTIER mirror perfectly.
