

500.59 Soft-Close Toilet Seat for 50065 Pan INSTALLATION INSTRUCTIONS

1. Ensure all components are present.
2. Insert fixings into the pan and lightly tighten the screws.
3. Push the seat into the fixings until they hear a 'click'.
4. Align the seat to the edges of the pan. When you are happy with the position of the seat carefully remove the seat without moving the fixings.
5. Using a screwdriver, tighten the fixings with moderate force.
6. Place the cover caps on the fixings and push the seat into the fixings again.

Aftercare Instructions

Keep the seat and cover in an upright position during cleaning to avoid discolouration of surfaces or rusting of metal parts.
