DESCRIPTION

The COS collection was designed to create brassware that was both modern and classic to suit any style of bathroom.

The COS ceiling mounted shower arm in brushed nickel is only 100mm tall, making it perfect for bathrooms with low ceilings that want a clean minimalist look. It can work with all our shower heads and instantly creates a luxurious rainfall style shower experience.

The brushed nickel finish is in fact a PVD coating, which will help to make the brassware look flawless for years to come.
