## DESCRIPTION

As the name suggests, the HYDE collection features short projection basins and vanity units with a contemporary design, perfect for small and compact spaces.

The main feature of this HYDE electric mirror cabinet is how it can neatly recess into the wall which is a great feature for bathrooms that are compact as it allows every inch of space to be saved. It provides plenty of storage with the adjustable smoked glass shelves, it has a shaver socket to charge your razors and electric toothbrushes, and an integrated demister pad.

With it being 55cm wide, it can pair with our HYDE 55cm basins & vanity units, and the modern frame in the matte anthracite finish will match the vanity units.

\*Left hand hinge only
