DESCRIPTION

The COS collection was designed to create brassware that was both modern and classic to suit any style of bathroom.

This COS handset in brushed brass has a slim design that will make your shower set up feel ultimately minimalist and modern. Pair it with our COS outlet elbow & holder in addition to a shower head, or on its own with a slider shower rail.

The brushed brass finish is in fact a PVD coating, which will help to make the brassware look flawless for years to come.
