DESCRIPTION

The COS collection was designed to create brassware that was both modern and classic to suit any style of bathroom.

This COS shower slider rail in brushed nickel works with our COS shower handsets to create a simplistic shower set up. It has a movable bracket & holder so you can adjust the height of your shower handset easily, whilst the rail itself stays fixed to the wall.

The brushed nickel finish is in fact a PVD coating, which will help to make the brassware look flawless for years to come.
