## DESCRIPTION

The COS collection was designed to create brassware that was both modern and classic to suit any style of bathroom.

This COS shower outlet elbow & holder in brushed nickel goes in line with our COS shower brassware products, and is to be paired with a handset and shower hose. It is wall mounted and will hold your shower handset perfectly to suit both a shower set up or bath set up.

The brushed nickel finish is in fact a PVD coating, which will help to make the brassware look flawless for years to come.
