<b>Type of Flushing</b>	Rimless technology

---

## DESCRIPTION

The INDIGO back to wall rimless pan has a stunning curved design which matches the furniture perfectly.

The open rim design is not only a lovely modern feature, but it will also make cleaning quick and easy.

Create a tidy bathroom space and opt for a back to wall pan; you can hide the cistern by having it built into the wall or a WC unit as well as save on floor space.

\*Seat sold separately

Compatible seat: INDTS01

For optimal performance, we recommend pairing back to wall rimless pans with a high-level concealed cistern set at 6/3lt flushing.

See our FLUSHE 2.0 range for compatible WRAS approved concealed cisterns.
