## DESCRIPTION

The COS collection was designed to create brassware that was both modern and classic to suit any style of bathroom.

This COS handset has 3 functions so you can adjust the type of spray you want for your shower when you slide the lever around. The 3 functions are a precise spray with only the inner nozzles, a softer rainfall spray with just the outer nozzles, and the third is a combination of the two.

Pair it with our COS outlet elbow & holder in addition to a shower head, or on its own with a slider shower rail to make a standalone shower.
