DESCRIPTION

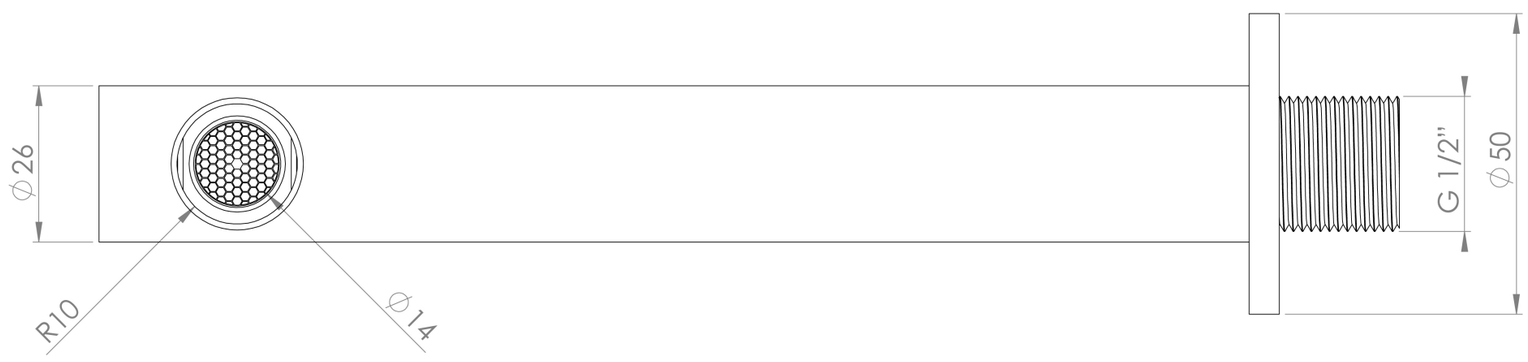

The COS collection was designed to create brassware that was both modern and classic to suit any style of bathroom.

This COS bath spout in Satin black is wall mounted, creating a modern look to your bath set up. The brushed brass finish is in fact a PVD coating, which will help to make the brassware look flawless for years to come.

The bath spout can be paired with our built-in baths and free standing baths, and can be operated by one of our COS concealed thermostatic shower valves.
