---

## DESCRIPTION

AIR is our space-saving collection of sanitaryware and furniture.

The AIRCC77 is the complete package - quite literally - as it includes the AIR rimless pan, cistern with WRAS approved internals, and the slim soft close seat.

The pan's elegant design will work in a variety of bathroom interiors, whilst the rimless flush adds an even more contemporary look to it and is also simple to clean. It pairs with the AIR cistern with WRAS approved cistern internals so you can be sure that the water in the cistern tank will not be contaminated by plastic parts. It also comes with the AIR slim-line soft closing seat - a modern seat that has a quick release function to remove it from the pan, again making cleaning easy.

Component parts included:

AIR77 (Pan)

AIR71 (Cistern)

AIR78 (Seat)
