DESCRIPTION

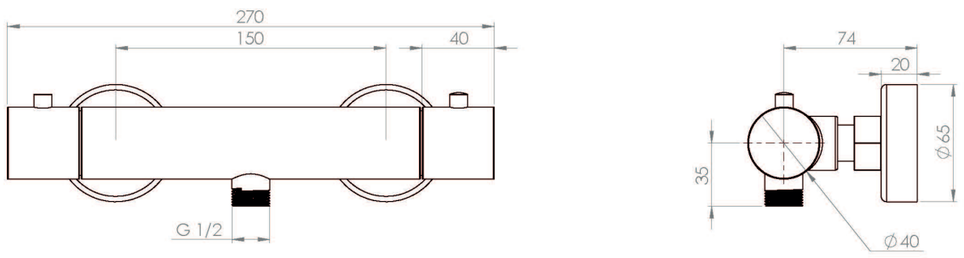

The COS collection was designed to create brassware that was both modern and classic to suit any style of bathroom.

This COS thermostatic 1 way bar valve in chrome will work perfectly if you're after a more traditional look to your bathroom.

This thermostatic bar valve has 1 outlet which allows it to control a shower handset. The left handle turns the component on and off, and the right handle controls the water temperature.

Pair it with a shower hose, slide rail and a COS slim or 3 function handset.
