Compatible Flush Plates FP150, FP162, FP161, FP162, FP165, FP166,

FP165.2, FP166.2

DESCRIPTION

FLUSHE 2.0 is our collection of framed and concealed cisterns, flush plates, and flush buttons. They feature Fluidmaster internals which are WRAS approved, giving you peace of mind that they will not contaminate the water.

This FLUSHE 2.0 1140mm universal framed concealed cistern has a front mechanical flush only as it is slim in design with only a 12-18cm depth, allowing it to be fitted in smaller bathroom spaces. It is best suited to work with our wall mounted WCs as the frames provide support.

Pair it with our selection of flush plates within the same FLUSHE 2.0 range.
