---

### DESCRIPTION

As the name suggests, the HYDE collection features short projection basins and vanity units with a contemporary design, perfect for small and compact spaces.

WC units are a great option if you are opting for a back-to-wall or wall-hung toilet as they will hide the concealed cistern if you cannot install it into your wall, and will match with vanity units in the same finish which will tie the bathroom design together.

This HYDE WC unit in matte sage will pair perfectly with any of our back-to-wall or wall-hung WCs.

\*Compatible with HC2030 cistern
