## DESCRIPTION

Space saving innovation perfectly defines I-LINE in every sense.

A high quality toilet seat with a minimalist quick-release button located in the centre for the seat fixings. A quick press of the button and one swift action is all it takes to take the seat off to give both the seat and the pan a deep clean.

The square shape of the I-LINE WC is deceptively comfortable. The sloping contour on the sides of the seat gives the user a comfy experience. The seat has 4 buffers ensuring a balanced spread of weight, and the soft closing mechanism has been tested to ensure a long untroubled life.

Compact by design to suit the toilet, the wrap-over cover neatly conceals the seat beneath.

\*Pan sold separately

Compatible pans: 60635, 60637
