<b>Overflow(s)</b>	Yes
<b>Capacity to Overflow (L)</b>	150L

## DESCRIPTION

The STETSON collection of built-in baths are characterised by their bold design with square edges and minimalistic form.

This STETSON 1700x700mm double ended bath allows you to lie comfortably in your bath so you can ensure you can have a relaxing bathing experience.

It has sloped sides so you can sink into the bath with comfort on either end, and with it being made of acrylic, it will hold the heat in well so you can enjoy your soak for longer.

It doesn't come with pre-drilled holes so you can choose to have either a wall mounted bath filler, a deck mounted bath filler, or an in-built bath filler, allowing you to truly customise your bath to suit your preferences.

Bath legs are included.
